

One of the many services we offer to bands/artists are **CUSTOM PRESS KIT MAGAZINES**. Custom - because each band, artist or company requires a different approach to the design and layout of their press kit which will be representing them - but all the press kit's we design are generally similar in specifications. 8.5" x 11" folded and stapled (magazine style), full color, gloss and full bleed. An actual page or panel is 5" wide by 8" tall. We can send you samples if you're interested. For each press kit we design, we also supply the customer with an online PDF version of it so they can send a link to potential buyers or reps. Similar to an EPK or Electronic Press Kit.

All we need from the customer is the text and/or images that will fill the pages of the press kit. **Biography, Press & Reviews, Tour Dates, Contact info, Testimonials, Promo Photos, Live Photos Etc.** We take care of the design, layout, any type of branding as well as the production or printing of the press kits.
